CONVEYANCING

**5 February 2018
(Three hours)**

Candidates should answer FOUR questions, TWO from Section A and TWO from Section B. All sections of a question must be answered.

SECTION A

Question 1

Marcus is setting up a fish farm on the banks of the river Forth.

Advise Marcus on the following matters:

- a) He owns a stretch of the river bank. The river at this point is a little faster flowing than he would like and he would like to create a channel and pool inland, through which he would lead some river water before returning it to the main river and to breed his fish in the pool.

Can the other owners of sections of river bank object to this course of action?

- b) Marcus' brother Neil will supply the cages in which the fish will be kept. For accounting reasons, Neil would like to retain ownership of the cages. The cages will be fixed to the river bank and kept there for 15 years (their natural lifespan). Can Neil retain ownership of them when they are fixed to the bank?
- c) A delivery of salmon smolts intended for Marcus were erroneously delivered to his rival Olivia. Olivia did not realise the mistake until she had introduced the smolts into her farm. They have now developed into fully grown salmon. Who do they belong to?

[Each part is of equal value]

Question 2

Bank of Alba plc has a standard security over a house belonging to Frank and Geraldine Skinner. The security was granted by Frank and Geraldine in security for a loan to support Geraldine's business. The security secures "all sums due and to become due by Mrs Geraldine Skinner and/or Mr Frank Skinner to Bank of Alba plc". Frank did not receive independent legal advice prior to signing the security documentation.

Geraldine's business runs into trouble and she has fallen six months behind in her repayments. She receives a calling up notice from the bank in the statutory form.

Advise Frank as to what arguments are open to him to either delay or prevent the bank from selling the house.

Question 3

Derek is a solicitor. He has been instructed in the purchase of a house in Edinburgh. The registered proprietor of the house is Huntington Homes LLP. The disposition has arrived.

Advise Derek as to the relevance of the following factors:

- a) The disposition has been signed by Hector Huntington alone and has not been witnessed;
- b) Derek is aware that Hector Huntington is married to Sally Huntington and that they both live in the house but there has been no communication with her;
- c) After the conclusion of missives on behalf of Derek's client, Percy Percival contacted Derek alleging that he has a prior contract with Huntington Homes LLP for the purchase of the house. When Derek raised the matter with Hector Huntington, Hector explained that the contract was "a mere oral agreement, nothing serious".
