

Street Law Trainer Pathway

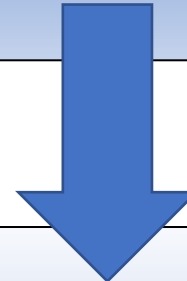

1. Introduction to Street Law

Come along to one info session and observe one of our Street Law lessons (virtually). Learn how our experienced Trainers put on their Street Law lessons and interact with the class. You will be able to ask all your questions at the end.

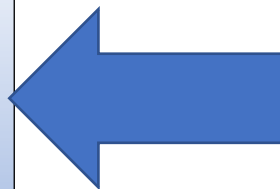

2. Attend our Training Session

Attend our training session in January 2022 (21st-23rd) and learn all about Street Law, our lessons and what it takes to facilitate an inspiring session.

3. Hold your own Street Law Lessons

Start holding your very own Street Law Lessons with our partnered schools. Build relationships with schools, pupils and your fellow Street Law trainers. We ask all trainers to commit to six school lessons and your coordinator is on hand to help organise these if needed.

4. Completion of Trainer Pathway!

After you have put on your lessons you will receive a certification of your completion of the Street Law Trainer pathway. E-Certificate will be sent to you to accredit your hard work on the programme by the Law Society.
